CAREER OBJECTIVES

Current second year Commerce and Business Analytics student looking to gain experience in a driven organization. Possess skills in ICT such as operating Microsoft products and in basic coding; and am experienced in data modelling and data interpretation. Trying to secure a 'Summer internship' opportunity within the organization to have the opportunity to gain more knowledge about the work environment and to gain more practical knowledge related to the desired field of work.

EDUCATION

Bachelor of Commerce and Business Analytics 04/03/19 – 17/02/2020 (still going)

Deakin University, Burwood Campus- 221 Burwood Highway

- Understand the basics in finance, accounting and economics.
- Understand how to manage and model big data on excel spreadsheet.
- Will learn coding as part of my course in 2020.

EMPLOYMENT HISTORY

Stage and Logistics Assistant- Laya Vidhya Centre 09/08/2015 – 17/02/2020 (still going)

Employer: Sridhar Chari

Laya Vidhya Centre is a premier centre for teaching Indian classical performing arts in Australia.

- Organization and setting up equipment for Indian Classical Music concerts.

- Back stage management to make the Overseas Professional artists feel welcome and comfortable via regular communication and being available.
- Performing concierge duties for concerts organised by the school.

Work Placement at CAN Automation 05/06/2016 – 15/07/2015

Employer: Giri Madhusudan

CAN Automation is a leading supplier of Distributed Control systems and components working with field bus. They supply hardware and software tools for OEM manufacturers and developers to work with field bus.

- Analytical thought process needed to organize loads of data on organization's product offering into catalogue
- Developed a good understanding of vendor management while shadowing the supplier engagement officer.
- Took initiative to understand the product line as the products were highly specialised technical hardware and software.

PROFESSIONAL DEVELOPMENT

Web programming with Python and JavaScript 01/07/2018– 31/12/2020

Monash Bootcamp – Strahinja Ajvaz/ Deakin University

- Basic programming in Python, JavaScript and Java
- Familiar with database management systems such as MySQL, MongoDB and IndexDB
- Have learnt about database designing, scalability, security and user experience

VOLUNTARY EXPERIENCE

Volunteer at East West Foundation 09/06/2016 – 17/02/2020 (still going)

Employer: Naga Sundaram

East West Foundation is a charitable and educational foundation aiming to develop and empower the socially and economically marginalised communities in rural India.

- Organizing newsletters and pamphlets into an envelope and labelling the envelope.
- Prepared over 3000 envelopes
- Have utilised problem solving skills in providing tech support
- Required to practice teamwork to achieve this large goal efficiently in a short period of time.
- Communication and delegation were required for efficient and effective completion of the job.

Volunteer at Brother Hood of Saint Lawrence 09/06/2016 – 17/02/2020 (still going)

Employer: Malinda Grant

Brother Hood of Saint Lawrence is a community organization committed to alleviate poverty in Australia.

- Organization of stock items into proper shelves.
- Engage in Teamwork in accomplishing labour tasks, and serving customers
- Problem Solving skills demonstrated to solve issues brought up by customers
- Communication and delegation were required for efficient and effective completion of the job

EXTRA-CURRICULAR ACTIVITIES

Senior Mridangam Player (South Indian drums) 03/02/2011 – 17/02/2020 (still going)

- Have had to perform in front of large crowds
- Engaged in cross functional teamwork with the other artists that I am accompanying to ensure we provide good quality performance
- I am required to sometimes teach junior mridangam students and have thus had to formulate logical structured lesson plans
